Subject: "Barbara Foltz Fund"

Barbara Foltz was a shining example of how to give to others. It was through her passion in nursing that she touched so many lives and grew to cherish her experiences as a nurse of more than 40 years at Loudoun Hospital. To honor her, a memorial fund has been created in her name to raise money for nursing programs and nursing education. The initial fundraising goal is set at \$25,000. This amount would give naming rights to a room in the new Inova Loudoun Hospital tower. She left her mark on Loudoun Hospital and her family and friends want to make sure that her legacy lives on. Thank you for your support!
